

WHY CHOOSE US

Trusted Industry Expertise – delivering dependable electrical solutions since 2019.

Comprehensive Product Line – from panel boards to cable management systems and electrical enclosures, we provide reliable solutions for residential, commercial, and industrial needs.

Commitment to Quality – our products follow strict industry standards, ensuring durability, safety, and consistent performance.

Customer-Focused Solutions – we prioritize reliability, efficiency, and responsive service to meet our clients' unique requirements.

Innovation & Growth – through ongoing research, product development, and staff training, we stay ahead and continuously improve our offerings.

Long-Term Partnerships – more than products—we build strong, lasting relationships with our customers.

STANDARD TECHNICAL OVERVIEW

CATEGORY	SPECIFICATION
Enclosure Materials	Galvanized Iron & Stainless Steel
Finished	Durable Powder Coated
Color	Gray, Light Gray or Customized Color
Busbar Materials	High Conductivity Electrolytic Copper
Busbar Current Rating	Up to 6300A (customizable)
Standard Compliance	IEC 61439-1/2 and PEC standards
Busbar Insulation	Heat-shrinkable sleeves
Voltage Range	Up to 600V (depends on design configuration)

ABOUT US

BradSmart Phils. Co., established in January 2019, began its operations in Quezon City and is now proudly based in Sta. Maria, Bulacan, Philippines. As a growing and trusted provider of electrical panel board fabrication, supply, and technical services, the company has built a solid reputation for delivering reliable and precision-engineered power distribution solutions across residential, commercial, and industrial sectors.

Since its relocation to Bulacan, BradSmart has expanded its capabilities to better serve clients throughout Luzon and nearby regions. This strategic move has strengthened the company's logistics and production capacity, allowing for more efficient operations and faster response times. Every product is designed and fabricated with a strong commitment to safety, quality, and compliance with rigorous industry standards.

Driven by a focus on innovation, customer satisfaction, and continuous improvement, BradSmart Phils. Co. is positioned for long-term growth and sustainability. The company welcomes strategic partnerships and investment opportunities that align with its mission of contributing to a more reliable and energy-efficient future.

WHAT WE OFFER

Power Distribution

- Panel Boards
- Main Distribution Panel (MDP)
- Low Voltage Switchgear
- Manual Transfer Switch (MTS)
- Automatic Transfer Switch (ATS)
- Enclose Circuit Breaker (ECB)
- Unitize Panel Board
- Synchronizing Panel

Cable Management

- Wireways
- Cable Tray
- Cable Ladder
- Meter Centers
- Pull Box
- Busbar Gutter
- Breaker Gutter

Services

- Powder Coating
- Panel Retrofitting
- Laser Cutting

Electrical Enclosures

- NEMA 1
- NEMA 3R
- NEMA 4X
- NEMA 12
